

iOS 10

Technical Briefing

Interactive briefing and overview of the exciting new features of iOS 10

iOS 10 introduces more expressive ways to message friends and family, a beautifully redesigned Maps with new extensions that let you book a ride or reserve a table right from the app, and the new Home app for managing all your HomeKit-enabled accessories in one place. Photos helps you rediscover those favorite and forgotten occasions from your photo library with Memories. And apps can integrate with Siri to complete requests so you can start workouts, send messages, make payments and more. Join us at our office in Causeway Bay to learn all about the exciting new features of iOS 10. Space is limited, so [register now](#).
